

Rowan Example

rowan.candidate@example.invalid | +1 202-555-0199 | Shanghai, China

SUMMARY

Statistics undergraduate with academic data-analysis and local LLM evaluation experience.

EDUCATION

Northbridge Institute of Technology (fictional) | B.Sc. Statistics | Expected June 2027

EXPERIENCE

Fictional Market Lab | Data Analysis Intern | May 2025 - August 2025

Worked from May 2025 through September 2025; this conflicts with the heading end date.

Analyzed 40,000 synthetic marketplace order records with SQL and Python.

Presented weekly findings to two research mentors and incorporated review notes.

PROJECTS

Storefront Risk Signals | Academic project using synthetic data

Built a logistic-regression risk-screening prototype and documented false-positive tradeoffs.

LLM Support Triage | Academic project using synthetic questions

Built a local retrieval and evaluation prototype and compared answer-grounding failures.

SKILLS AND AVAILABILITY

Tools: SQL, Python, spreadsheets

English: professional working proficiency (self-reported)

Availability: September 2026 - December 2026 (four consecutive months)
